

Student Fund Raising Activities	F.33
<i>Adopted: July 23, 2013</i>	

It is the policy of the Hilldale Board of Education that fund raising activities by students, as representatives of the school, will be permitted on or off school premises only when connected with specific school activities approved by the superintendent with concurrence of the board of education. Fundraisers must be approved by the board of education at the September board meeting, except that the board will consider unexpected or unforeseen needs or opportunities for fund raising in a timely fashion.

The procurement of funds shall not be the primary purpose of any school-sponsored club or organization. When funds are needed the organization shall seek justification for the project from the principal, superintendent, and the board of education. If funds cannot be provided by the board, a fund raising project may be considered.

All school-sponsored clubs and organizations shall submit a list of fundraisers needed for the coming year to the principal before September 1 and shall state the purpose of the project, time the project will run, and the goals to be achieved. Only one such project per school year shall be permitted, unless prior administrative permission has been granted.
